5. ASSEMBLY

Spread some white chocolate between two guitar sheets. Cut some 8.5 cm round shapes, then drill a hole in the center with a 9 mm pipe tip. Let crystallize. Soak the 4 cm hemisphere babas, then drain the excess of syrup. Freeze. In a 6 cm hemisphere molds, pipe the Mojito Chantilly, then insert the froze Babas. Smooth nicely the top and freeze. Unmould, then span the center with a metal straw. Drop on top of the chocolate sheet. Cut some 9 cm round shapes out of the Mount Gay® jelly, then place on the dome. Grate some lime zest on top of the jelly. Pour your usual recipe of Mount Gay® Mojito in the cup, then cover with the Caketail (the edge can be covered beforehand with glucose to ensure the placement of the chocolate sheet). Finalize with a straw, a slice of lime and a fresh mint leave.
